Hello everyone,

The conservative party is tabling Bill C-6 regarding therapeutic product regulation in Canada. A petition is circulating to try to stop it. If you are interested, see the info below and a link to the petition.

Bill C-6 has replaced Bill C-51. This bill effectively criminalizes all use of herbs in any form, even from your own garden for personal use. It also completely disables or closes professions like Acupuncture and Homeopathy. Spread the word and click the link below for more information.

Lots of stuff for Christmas!:

Sphene

Sphene is said to be a mental body stone. It works to improve the mind and the processing of information.

Use for studying, theorizing and debating. I feel it is a stone that promotes enlightenment; use during meditation and rituals. Being that Sphene is highly reflective and takes in much light, I feel it can also help us to reflect who we truly are and allows this light to shine brightly on everyone with whom you come into contact. Golden beaming light is what sphene is about! Allow its energy to surround your entire system.

Aegirine Cluster

Aegirine provides the strength for one to be true to oneself. It further dispenses with the effects of group pressure, bring acceptance of the self without conformance. Utilization of this mineral for energy generation is excellent. It acts to concentrate the positive energy in an area and to interact with all who are present, providing revitalizing, mental stimulation, concentration of healing energy for other minerals, and unifying the group effort. It has been used to remove emotional blockages, to allow one to reflect personal attitudes, opinions, and conceptions, and to accept the state of sufficiency. It further strengthens personal integrity and conviction. Aegirine has been used in the treatment of deficiencies of the immune system, to protect one from negative energy and psychic attack, and to increase the amount of energy applied by other minerals when used in ANY healing situation.
